

About Us

Sanar International Hospitals is a 150-bedded multi-speciality hospital based in the National Capital Region of Delhi in India. Founded in the year 2022, the Hospital offers comprehensive, advanced surgical care in specialities such as Cancer, Heart, Blood and Marrow Transplant, Kidney & Liver Transplant, Bone & Joint and Neurosciences.

The Hospital is committed to provide the best healthcare services and patient experiences, supported by a team of experienced medical experts, with state-of-the-art facilities and world-class infrastructure.

The Hospital follows stringent international practices and believes patient centricity is the cornerstone for providing high-quality care. Riding on years of experience that each surgeon brings to the table, and backed by cutting-edge technologies at par with the best in the world, Sanar Hospitals, today, has made a mark for itself not only amongst the domestic patients, but also the international patients coming to India for best medical care.

Infrastructure

All infrastructural facilities in the hospital are aligned to the latest global standards, especially in radio diagnosis, research, clinical and surgical practices. The hospital's latest generation of MRI, CT, Digital X-Ray and Ultrasound Machines are standing testimonies to the hospital's commitment to adopting the most advanced technologies. Some of the other infrastructural set-ups that are at par with the best in the world, include:

- 35 well-equipped ICU beds
- 14 dedicated BMT Rooms
- 4 Customised Modular Transplant OTs
- 7 bedded Dialysis Unit
- Endoscopy Suite
- 24-hours Blood Bank with Blood Radiation Facility
- Dedicated Non-Invasive Cardiology

State-of-the-art Equipment

Sanar International Hospitals always endeavours to acquire the latest available systems in medical technology to provide high quality care to patients:

- Latest Generation Cath Lab
- 1.50 Tesla MRI
- 128 Slice CT
- Navigation System for Neurology and Orthopaedics
- Blood Irradiation
- High-End Microscopes
- Plasmapheresis and Stem Cell Harvesting Unit
- Electronically Remote-controlled Patient Beds

Medical Services

Sanar International Hospitals provides multi-disciplinary comprehensive care through a dedicated system. A team of highly qualified specialists, surgeons, clinicians, nurses and healthcare professionals with years of experience are oriented towards Sanar's approach of 'Patient-First'. It is this approach that has enabled Sanar to carve a name for itself in providing specialised care in areas such as Cancer, Heart, Blood and Marrow Transplants, Orthopaedics, Neurosciences, Kidney and Liver Transplants, to mention a few.

International Patient Services

Sanar International Hospitals recognises the need for quality healthcare, and constantly provides personalised services to patients from all across the world. The hospital believes in providing seamless service to international patients, and always goes that extra mile to make their stay as comfortable as possible.

The hospital has a dedicated International Patient Service Unit, catering to all medical and non-medical requirements including registration, OPD appointments, admission, discharge and other services.

Services offered at International Patient Service Unit

Visa Assistance

The International Team provides end-to-end assistance for the visa process-right from sending the letter of invitation for visa application, selecting the visa type, assisting in filling up the form and identifying the documents to be attached for visa processing. The team further assists in communicating with the Indian Embassy or High Commission of any country.

Concierge & Travel Services

A dedicated Relationship Manager is assigned to any patient visiting the hospital for treatment. The Manager becomes the single point of contact for providing assistance in terms of travel, ticketing, airport transfers, car hire, accommodation in a guest house or hotel, SIM card facilitation, and currency exchange.

The Concierge Services at Sanar are designed to offer patients the best assistance during their visit to the hospital. The services and thoughtful facilities provided are Sanar's way of adding more comfort and convenience. The Concierge Services are available 24x7.

Sanar International Hospitals is, perhaps, one of the first hospitals to have a concierge membership with Les Clefs d'Or. This is an international forum of concierge services that ensures the ability to deliver the finest quality of service. Serving more than 100 million guests every year, members of Les Clefs d'Or fulfill an infinite variety of requests.

International Cuisines

We offer a wide variety of cuisines, specially curated by our internationally trained Chefs. Our multilingual Food & Beverage menu enables faster ordering with minimum wait time.

Language Translation Assistance

For any patient or accompanying members who require the services of an interpreter, well trained professionals who speak the language, with the choice of male or female, will be there to provide assistance on a complimentary basis.

Testimonials

Rajiv Makhni (Patient's son)
India, Angioplasty

Sanar International Hospitals is a unique hospital. It is where finally someone in India is doing something which is very important, and that is real service to the patients. Anyone who is looking towards getting really good treatment, then I think this is a great place. It is a unique organisation, I wish them all the very best.

Frederick Ankonu, Ghana
Kidney Transplant

I am very happy with Sanar International Hospitals, for their treatment, their kindness, hospitality of their staff-right from the ICU to the ward. I have been taken care 24 hrs, round-the-clock. I am very glad and I would highly recommend Sanar International Hospitals.

Hadiyo Sahal Sheeb, Somalia
Platelet Rich Plasma Therapy

I came to Sanar International Hospitals, using a wheelchair. After the treatment, I am feeling very good. Before I was always dependent on a wheelchair but now I can walk for 300-400 metres. I am very thankful to Sanar International Hospitals.

Al Qumairi Saeed Mohsen Awadh, Yemen
Brain Aneurysm

Dr. Harnarayan at Sanar International Hospitals had treated my brain aneurysm. Thanks to Allah and the team, I am healthy and fine.

Buthaina Adil, Iraq
Liver Transplant

Thanks to Sanar International Hospitals, my transplant was successful and now I am recovering well.

Anthony, Kenya
BMT

Thanks to Sanar International Hospitals. They have taken care of me since the day I was admitted. I was discharged successfully and now I am on my road to recovery.

Dr. Rano Rakhmonova, Russia
Bariatric Surgery

We came to Sanar International Hospitals in India and I underwent bariatric surgery, which was perfect. We are very glad that we visited this hospital. This is one of the best hospitals that we have visited.

Geeta Rani, India
Esophageal Cancer Surgery

I had a complex surgery as I was extremely under weight but I am fine now. At Sanar International Hospitals I was treated very well; I am thankful to everyone in the team.

Ismoil Pultove, Uzbekistan
BMT - Severe Aplastic Anaemia

After the treatment, I felt much better. Everything is now normal, my family and I are very thankful to the team at Sanar International Hospitals, and we are hoping for my full recovery.

Hadiya Hillan, Iraq
Revision Knee Replacement Surgery

Sanar International Hospitals is an excellent hospital with advanced ICUs. From a long time, I was suffering from knee problem. I underwent revision knee replacement surgery which was successful. Every service being offered at Sanar International Hospitals is excellent.

Elizabeth, Ethiopia
Peripheral Vascular Disease

Sanar Hospital is the best. I needed wheelchair before but now I can walk. Thank you very much.

Sanar's highly skilled team of dedicated medical professionals
